## TREMITI ISLANDS- MARCH 2012

The mobile spay clinic leaves the ferry boat on the Island of San Domino. In the background the Island of San Nicola (above left). The Harbour cat is watching everything. Below left: Dorothea during surgery, right: Ambra checks if the anaesthetized cat is already sleeping. Lorenzo (left) prepares the cage with warm blankets for the operated cat. Below right: the animals are comfortable in their cages until the next morning.

The harbour cat of San Nicola entered the trap only attracted by a gigantic fish. The animals on their way back to the Island of San Nicola.

Edoardo Stoppa of the Italian television transmission "Striscia la Notizia" below right: Lorenzo and Dorothea with Edoardo and Daniele from the television team.

Lucia (left), Ambra and Lorenzo (right) release the operated cats one night after surgery.

above: the rare bird. Right: the LPA vets Ambra, Lorenzo and Dorothea with Ester from the Island of San Nicola.
