

LEGA PRO ANIMALE

LPA celebrates
WORLD ANIMAL DAY
2013

with a **“SPAY DAY”**:
128 CATS NEUTERED
(86 female and 42 male).

Thanks to this single event during the next year 30.000 kittens will NOT be born, because a tom cat can mate with 300 female cats and a female can have a litter up to 4 times a year (calculating **“ONLY”** 3 kittens per litter)!!!!

A heartfelt THANKS to the sponsors of this successful day:
Mrs. O'Flaherty in the UK and Mrs. Aiello in Italy
